

SEVIS RECORD TRANSFER IN FORM

Transfer procedures:

If you plan to transfer to Merrimack College from another U.S. school, you must use this form to notify your “current school” of your intent to transfer. Upon receipt of your completed transfer form, your current school Designated School Official (DSO) will update your record in the Student and Exchange Visitor Information System (SEVIS) as a "transfer out" and indicate your transfer to Merrimack College and a transfer release date. Note: Although you may be applying to multiple new schools, the DSO may indicate only **one** transfer school in SEVIS. Your transfer release date will be the end of the current term or session, but you should verify this information with your current Advisor/DSO. **Please note that Merrimack College cannot issue you a new SEVIS Form I-20 until the transfer release date.** You must adhere to the transfer procedures even if you plan to travel abroad prior to your reentry to the U.S. to attend Merrimack College. Finally, if you decide to cancel your school transfer to Merrimack College, you must notify your current school advisor/DSO before your transfer release date; once the transfer release date has been reached, your current school will no longer have access to your SEVIS record.
